

NICORUS

DJ / Producer / Sound designer

KELLER

NICORUS is a Berlin based Dj and Producer, originally from Toulouse in the south west of France. Nicorus and music is a very long story, he started listening a lot different kind of music since he turned 7 year old (Rock, Punk, Metal, reggae, Hip Hop, World and so on). But he discovered electronic music with Asian dub foundation, High tone and the big dub and drum & bass movement in France end of 90's.

Feeling the urge to dig deeper into the phenomenon of electronic music, he decided to quit France to Berlin. Landing directly into the houses project scene where he found his love for Berlin underground techno scene. Since then Nicorus has been playing at underground parties as well as at some of Berlin's biggest clubs like **Sisyphos** where he is **resident**.

He got in 2013 a **degree in Sound design** and released his first remix of Kölner combo „**Atlantik**“ on **Keller** label in 2013, came after one remix and one track released on **Code2 record**.

Two Eps came last summer on **Fanciful** and **Keller** with Remixes from **Mononoïd, Groj, Agja and Asem shama**.

Nicorus panel of music is quite big, he is able to play from Ambient to Psytrance through Deep house, house, tech house, but his favorite music is **Techno** and **Astro Techno** (kind of progressive or often called Neotrance). He also loves to add world elements in his music.

He will make you first sweat with a big Techno and will finish his set with dreamy, psychedelic vibes. Close your eyes and enjoy the sound :)

Nicorus was/is big influenced by Rone, Max Cooper, Extrawelt, Minilogue, Microtraum, Dusty Kid just to give a few names cause the List is Huge !!
